American Society of Clinical Pharmacology and Chemotherapy: Program of Seventh Annual Meeting, 297

American Therapeutic Society. Program of Seventy-First Annual Meeting, 449

Amphetamine, effect on pressor response to tyramine; formation of p-hydroxynorephedrine from amphetamine in man (Cavanaugh, Griffith, and Oates), 656

Analgesic, long-acting, flufenisal, clinical evaluation (Bloomfield, Barden, and Hille), 747

Announcements, 613, 775

Antiarrhythmic drugs, clinical pharmacology and therapeutic applications (Mason et al.), 460

Antibacterial activity of serum and urine after colistimethate injection, evaluation of methods for determining (Sande and Kaye), 873

Antibiotics, increasing usefulness: treatment of infections caused by gram-negative bacilli, (Sabath et al.), 161

Anticoagulant(s) action of warfarin in man, pharmacokinetic analysis of effect of barbiturate on (Levy et al.), 372

effect of bishydroxycoumarin in man, kinetics of (O'Reilly and Levy), 378

oral, some aspects of pharmacology (Coon and Willis), 312

Anticoagulant(s)—Cont'd

therapy, long-term, correlation of prothrombin time tests with hemorrhage and thromboembolism in patients under (Boyles), 251

Antidepressant activity, clinical, of cyclazocine, narcotic antagonist (Fink et al.), 41

Antihypertensive drugs, effects in spontaneously hypertensive rat (Tabei et al.), 269

Anxiety symptoms, trials of Ro 5-3350 and diazepam for (McLeod, Mowbray, and Davies), 856

Apomorphine-induced vomiting, inhibition by benzquinamide (Klein et al.), 530

Arthritis, rheumatoid, side effects of 6-azauridine in (Elis, Slavík, and Rašková), 404

L-Asparaginase, clinical pharmacologic studies (Ho et al.), 408

Atropine metabolism in man (Kalser and McLain), 214

modification by pralidoxime of effects on human heart rate (Sidell, Magness, and Bollen), 68

6-Azauridine triacetate in rheumatoid arthritis, side effects (Elis, Slavík, and Rašková), 404

Azido pyrimidine, diuretic action in man (Johnson), 77

B

Bacilli, gram-negative, treatment of infections caused by: increasing usefulness of antibiotics, (Sabath et al.), 161

Barbiturate, pharmacokinetic analysis of effect on anticoagulant action of warfarin in man (Levy et al.), 372

Benzquinamide, inhibition of apomorphine-induced vomiting by (Klein et al.), 530

Beta-blocking activities and effects, comparative, on sodium excretion of sotalol and propranolol (Rice et al.), 567

Binding, plasma protein, of diphenylhydantoin in man (Lunde et al.), 846

Biochemical, endocrine, and other indices during quinestrol therapy (Danowski et al.), 260

Biostatistics, clinical (*See* under Clinical biostatistics)

Bishydroxycoumarin, kinetics of anticoagulant effect in man (O'Reilly and Levy), 378

January-February, pp. 1-160; March-April, pp. 161-306; May-June, pp. 307-454; July-August, pp. 455-620; September-October, pp. 621-780; November-December, pp. 781-948.

XUM

Blood pressure and some cardiovascular reflexes, effect of L-dopa alone and in combination with extracerebral decarboxylase inhibitor on (Watanabe, Chase, and Cardon), 740

Book reviews
- Microsomes and drug oxidations (Gillette et al.), 152
- Biochemical and clinical aspects of alcohol metabolism (Sardesai), 152
- Abridged Index Medicus—a monthly bibliography, 152
- Introduction to general pharmacology (Csáky), 293
- Essentials of pharmacology: a textbook for students (Bevan), 293
- The ultimate folly: war by pestilence, asphyxiation, and defoliation (McCarthy), 294
- Marine pharmacology: a study of toxins and other biologically active substances of marine origin (Baslow), 294
- Cytotoxic drugs in the treatment of cancer (Boesen and Davis), 295
- Techniques in clinical physiology: a survey of measurements in anesthesiology (Bellville and Weaver), 295
- Digitalis (Fisch and Surawicz), 447
- Physicians book compendium, 1969-1970. The medical book reference for physicians (Celnik), 447
- Cellular and humoral mechanisms in anaphylaxis and allergy (Movat), 447
- Psychotomimetic drugs: workshop series of pharmacology section, National Institute of Mental Health, No. 4 (Efron), 615
- American drug index, 1970 (Wilson and Jones), 615
- New trends in biology teaching, vol. 11 (Heller) 773
- International encyclopedia of pharmacology and therapeutics, section 20, vols. I and II: alcohols and derivatives (Tremolieres), 773
- The body has a head (Eckstein), 773
- Annual review of pharmacology, vol. 10 (Elliott), 774
- The pharmacology of synapses. International series of monographs in pure and applied biology, zoology division, vol. 43 (Phillis), 915
- Ideas of life and matter, vols. I and II. Studies in the history of general physiology, 600 B.C. to 1900 A.D. (Hall), 915
- Aging life processes (Bakerman), 915
- Clinical pharmacology: scope, organization, training: report of WHO study group (World Health Organization Technical Report Series No. 446), 916

Book reviews—Cont'd
- Inflammation biochemistry and drug interaction: proceedings of an international symposium, Italy, 1968 (Bertelli and Houck), 916
- The encyclopedia of the biologic sciences, ed. 2 (Gray), 916
- Planning and analysis of clinical studies (Burdette and Gehan), 916
- Microbial toxins, vol. 1: bacterial protein toxins (Ajl, Kadis, and Montie), 917
- Biology and the future of man (Handler), 917
- A handbook of alkaloids and alkaloid-containing plants (Raffauf), 918
- Self-poisoning (Burston), 918

Books, received, 153, 296, 448, 615, 774, 919

Bradycardia, homatropine, in man (Hayes and Katz), 558

Bretylium, disposition in man and rat (Kuntzman et al.), 829

Butabarbital sodium and chlordiazepoxide in anxious neurotic outpatients: collaborative controlled study (Rickels et al.), 538

C

Caffeine and theobromine, comparative stimulant and diuretic actions, in man (Dorfman and Jarvik), 869

Cancer, anti-, drugs, evaluation in dogs and monkeys for prediction of qualitative toxicities in man (Schein et al.), 3

Cardiovascular reflexes, some, blood pressure and, effect of L-dopa alone and in combination with extracerebral decraboxylase inhibitor on (Watanabe, Chase, and Carodon), 740

Cardiogenic shock, combined use of isoproterenol and propranolol in (Stubbs, Pugh, and Bell), 244

Cephaloglycin dihydrate (Kafocin) (Official lit. new drugs), 925
- and penicillin, comparison, in streptococcal pharyngitis (Stillerman), 205

Chloramphenicol-associated encephalopathy (Levine, Regelson, and Holland), 194

Chlordiazepoxide, butabarbital sodium and, in anxious neurotic outpatients: collaborative controlled study (Rickels et al.), 538

Chlorpromazine, effect on serum cholesterol in chronic schizophrenic patients (Clark, Dubowski, and Colmore), 883
- four different dosage forms, plasma levels and urinary excretion: studies of delayed-action medication (Hollister et al.), 49

Cholesterol, serum, effect of chlorpromazine on in chronic schizophrenic patients (Clark, Dubowski, and Colmore), 883

Cigarette smoking, inhibition by orally administered nicotine (Jarvik, Glick, and Nakamura), 574
Circulation, enterohepatic, in glutethimide intoxication (Charytan), 816
Circulatory collapse states, role of corticosteroids in treatment of (Lefer and Verrier), 630
Clindamycin, penetration into synovial fluid (Plott and Roth), 577
Clinical biostatistics (Feinstein)
I. A new name—and some other changes of the guard, 135
II. Statistics versus science in the design of experiments, 282
III. The architecture of clinical research, 432
IV. The architecture of clinical research (continued), 595
V. The architecture of clinical research (concluded), 755
VI. Statistical "malpractice"—and the responsibility of a consultant, 898
Clinical pharmacologic correlations in man and mice: pentamidine (Waalkes, Denham, and DeVita), 505
pharmacology, short course in (Carr), 455
and therapeutic applications of antiarrhythmic drugs (Mason et al.), 460
research, architecture (Feinstein) (Clin. biostat.), 432, 595, 755
trials, sequential, closed designs for (Becktel), 781
Clofibrate therapy, long-term monitoring during (Vester et al.), 689
Codeine and glaphenine, comparison in postoperative dental pain (Ruedy and Bentley), 718
Cold, heat, and work, effect on central actions of scopolamine (Safer), 60
Colistimethate injection, evaluation of methods for determining antibacterial activity of serum and urine after (Sande and Kaye), 873
Collapse states, circulatory, role of corticosteroids in treatment (Lefer and Verrier), 630
Contraceptive, oral, exposure, serum lipids during (Corredor et al.), 188
Correspondence
EMPT in obesity (Sedgwick), 149
Reply (Hollingsworth and Amatruda), 149
Reply to a short-sighted Editorial and to an odd stance (Wolff), 442
The Editorial replies (Modell), 442
One man's odd is another man's even (Lasagna), 443
Aspirin absorption (De Nosaquo), 611
Reply (Decker and Corby), 611
Formula for approximating plasma concentration (Roth et al.), 772
Corticosteroids, role in treatment of circulatory collapse states (Lefer and Verrier), 630
Cortisol and phenylbutazone metabolism in human subjects, effect of intensive occupational exposure to DDT on (Poland et al.), 724
Cyclazocine, narcotic antagonist, antidepressant activity (Fink et al.), 41
Cytarabine (Cytosar) (Official lit. new drugs), 155
Cytosar, cytarabine (Official lit. new drugs), 155

D

DDT, effect of intensive occupational exposure to, on phenylbutazone and cortisol metabolism in human subjects (Poland et al.), 724
Decarboxylase inhibitor, extracerebral, effect of L-dopa alone and in combination with, on blood pressure and some cardiovascular reflexes (Watanabe, Chase, and Cardon), 740
Dental pain, postoperative, comparison of glaphenine and codeine in (Ruedy and Bentley), 718
Depressed outpatients, mildly, pemoline and methylphenidate in (Rickels et al.), 698
Designs, closed, for sequential clinical trials (Becktel), 781
Diazepam, Ro 5-3350 and, for anxiety symptoms, trials of (McLeod, Mowbray, and Davies), 856
Diazoxide and ethacrynic, mefenamic, and nalidixic acids, displacement of warfarin from human albumin by (Sellers and Koch-Weser), 524
Dibutyryl derivative, increased response and tolerance to: effects of exogenous adenosine 3′,5′-monophosphate (Levine), 238
Digoxin in human plasma, improved method of estimating (Bertler and Redfors), 665
Diphenylhydantoin and phenobarbital, disappearance from serum of children (Garrettson and Dayton), 674
plasma protein binding, in man (Lunde et al.), 846
rate of decline in human plasma (Arnold and Gerber), 121
Diuretic action of azido pyrimidine in man (Johnson), 77
standard oral water load to determine site of action, in man (Michelis et al.), 821
and stimulant actions of caffeine and theobromine in man, comparative (Dorfman and Jarvik), 869
L-Dopa, effect alone and in combination with extracerebral decarboxylase inhibitor on blood pressure and some cardiovascular reflexes (Watanabe, Chase, and Cardon), 740
in treatment of parkinsonism (Calne), 789

XUM

Dopamine, accumulation and metabolism by human platelet (Kuntzman et al.), 838
Doxepin HCl capsules (Sinequan) (Official lit. new drugs), 452
Droperidol injection (Inapsine) (Official lit. new drugs), 930
Drug(s), antiarrhythmic, clinical pharmacology and therapeutic applications (Mason et al.), 460
anticancer, evaluation in dogs and monkeys for prediction of qualitative toxicities in man (Schein et al.), 3
antihypertensive, effects in spontaneously hypertensive rat (Tabei et al.), 269
hypolipidemic, in man, new, metabolism of SU-13437 (Bianchine et al.), 97
reactions, adverse: pharmacist-based monitoring system (Gardner and Watson), 802

E

Elderfield pyrimidine mustard in chronic lymphocytic leukemia (Louis et al.), 513
Electrolyte, serum abnormalities associated with administration of polymyxin B in febrile leukemic patients (Rodriguez, Green, and Bodey), 106
Encephalopathy, chloramphenicol-associated (Levine, Regelson, and Holland), 194
Endocrine, biochemical, and other indices during quinestrol therapy (Danowski et al.), 260
Enterohepatic circulation in glutethimide intoxication (Charytan), 816
Ethacrynic, mefenamic, and nalidixic acids, diazoxide and, displacement of warfarin from human albumin by (Sellers and Koch-Weser), 524
Excretion, sodium, of sotalol and propranolol, comparative beta-blocking activities and effects on (Rice et al.), 567
urinary, plasma levels and, of four different dosage forms of chlorpromazine: studies of delayed-action medication (Hollister et al.), 49
Exogenous adenosine 3′,5′-monophosphate, effects in man: increased response and tolerance to dibutyryl derivative (Levine), 238
Extracerebral decarboxylase inhibitor, effect of L-dopa alone and in combination with, on blood pressure and some cardiovascular reflexes (Watanabe, Chase, and Cardon), 740

F

FDA, requiem for (Modell) (Edit.), 1
Fentanyl, fentanyl-droperidol, morphine, and meperidine, comparisons of effects (Ordy et al.), 488
Flufenisal, clinical evaluation, long-acting analgesic (Bloomfield, Barden, and Hille), 747
Fluids, body, gentamicin sulfate distribution in (Rodriguez, Stewart, and Bodey), 275
Flumethasone pivalate (Locorten) (Official lit. new drugs), 927

G

Gentamicin sulfate distribution in body fluids (Rodriguez, Stewart, and Bodey), 275
Glaphenine and codeine, comparison in postoperative dental pain (Ruedy and Bentley), 718
Glutethimide intoxication, enterohepatic circulation in (Charytan), 816
Gram-negative bacilli, treatment of infections caused by: increasing usefulness of antibiotics (Sabath et al.), 161
Guanadrel and guanethidine in hypertension (Bloomfield and Cangiano), 200
Guanethidine, fate in two hypertensive patients (McMartin et al.), 423
guanadrel and, in hypertension (Bloomfield and Cangiano), 200

H

Heart rate, human, modification of effects of atropine on, by pralidoxime (Sidell, Magness, and Bollen), 68
Heat, cold, and work, effect on central actions of scopolamine (Safer), 60
Hemorrhage and thromboembolism in patients under long-term anticoagulant therapy, correlation of prothrombin time tests with (Boyles), 251
Homatropine bradycardia in man (Hayes and Katz), 558
Hydrochloride, ketamine (Ketalar) (Official lit. new drugs), 777
procarbazine, capsules (Matulane) (Official lit. new drugs), 617
Hydrochlorothiazide, effects of large and small doses, in hypertensive patients (McLeod, Ogilvie, and Ruedy), 733
on venous reactivity in hypertensive man (Ogilvie and Schlieper), 589
p-Hydroxynorephedrine, formation, from amphetamine in man: effect of amphetamine on pressor response to tyramine (Cavanaugh, Griffith, and Oates), 656
Hyperlipoproteinemic patients, effects of SU-13437 on serum lipids in (Weiss et al.), 90
Hypertension, guanadrel and guanethidine in (Bloomfield and Cangiano), 200
Hypertensive man, effect of hydrochlorothiazide on venous reactivity in (Ogilvie and Schlieper), 589

Hypertensive—Cont'd
patients, effects of large and small doses of hydrochlorothiazide on (McLeod, Ogilvie, and Ruedy), 733
two, fate of guanethidine in (McMartin et al.), 423
rat, effects of antihypertensive drugs in (Tabei et al.), 269
Hypolipidemic drug in man, new, metabolism of SU-13437 (Bianchine et al.), 97

I

Inapsine (droperidol injection) (Official lit. new drugs), 930
Infections caused by gram-negative bacilli: increasing usefulness of antibiotics (Sabath et al.), 161
Injection, colistimethate, evaluation of methods for determining antibacterial activity of serum and urine after (Sande and Kaye), 873
Intoxication, glutethimide, enterohepatic circulation in (Charytan), 816
Isoproterenol and propranolol, combined use in cardiogenic shock (Stubbs, Pugh, and Bell), 244

K

Kafocin (cephaloglycin dihydrate) (Official lit. new drugs,) 925
Ketamine hydrochloride (Ketalar) (Official lit. new drugs), 777
Ketalar (ketamine hydrochloride) (Official lit. new drugs), 777

L

Larodopa (levodopa) (Official lit. new drugs), 921
Leprosum, erythema nodosum, thalidomide in treatment (Hastings et al.), 481
Leukemia, chronic lymphocytic, elderfield pyrimidine mustard in (Louis et al.), 513
Leukemic patients, febrile, serum electrolyte abnormalities associated with administration of polymyxin B in (Rodriguez, Green, and Bodey), 106
Levodopa (Larodopa) (Official lit. new drugs), 921
Lipids, serum, during oral contraceptive exposure (Corredor et al.), 188
in hyperlipoproteinemic patients, effects of SU-13437 on (Weiss et al.), 90
Lithium in mania (Gershon), 168
Locorten (flumethasone pivalate) (Official lit. new drugs), 927
Lymphocytic leukemia, chronic, elderfield pyrimidine mustard in (Louis et al.), 513

M

Malpractice, statistical—and responsibility of consultant (Feinstein) (Clin. biostat.), 898
Mania, lithium in (Gershon), 168
Marihuana or placebo, comparative effects of smoking, on human motor and mental performance (Manno et al.), 808
Matulane (procarbazine hydrochloride capsules) (Official lit. new drugs), 617
Medication, delayed-action: plasma levels and urinary excretion of four different dosage forms of chlorpromazine (Hollister et al.), 49
prescribed, measuring intake (Roth, Caron, and Hsi), 228
Mefenamic, nalidixic, and ethacrynic acids, diazoxide and, displacement of warfarin from human albumin by (Sellers and Koch-Weser), 524
Mental and motor performance, human, comparative effects of smoking marihuana or placebo on (Manno et al.), 808
Meperidine, fentanyl, fentanyl-droperidol, and morphine, comparisons of effects (Ordy et al.), 488
Metabolism, accumulation and, of dopamine by human platelet (Solomon, Spirt, and Abrams), 838
atropine, in man (Kalser and McLain), 214
phenylbutazone and cortisol, in human subjects, effect of intensive occupational exposure to DDT on (Poland et al.), 724
prazepam, by man (DiCarlo et al.), 890
of SU-13437, new hypolipidemic drug in man (Bianchine et al.), 97
uric acid, effect of MK-185 on some aspects (Jain et al.), 551
Methylphenidate and pemoline in mildly depressed outpatients (Rickels et al.), 698
Methylprednisolone sodium succinate, effects of single large intravenous dose (Novak et al.), 711
Metolazone: standard oral water load to determine site of action of diuretics in man (Michelis et al.), 821
MK-185, effect on some aspects of uric acid metabolism (Jain et al.), 551
Molindone in chronic schizophrenia (Clark et al.), 680
Monophosphate, adenosine 3′,5′-, exogenous, effects in man: increased response and tolerance to dibutyryl derivative (Levine), 238
Morphine, meperidine, fentanyl, and fentanyl-droperidol, comparisons of effects (Odry et al.), 488
Motion sickness, theory, based on pharmacological reactions (Wood and Graybiel), 621

XUM

Motor and mental performance, human, comparative effects of smoking marihuana or placebo on (Manno et al.), 808
Mustard, elderfield pyrimidine, in chronic lymphocytic leukemia (Louis et al.), 513

N

Nalidixic, mefenamic, and ethacrynic acids, diazoxide and, displacement of warfarin from human albumin by (Sellers and Koch-Weser), 524
Narcotic antagonist cyclazocine, clinical antidepressant activity (Fink et al.), 41
Neuronal uptake of norepinephrine, role of plasma protein binding in inhibitory effect of nortriptyline on (Borgå et al.), 581
Neurotic outpatients, anxious, butabarbital sodium and chlordiazepoxide in: collaborative controlled study (Rickels et al.), 538
Nicotine, orally administered, inhibition of cigarette smoking by (Jarvik, Glick, and Nakamura), 574
Norepinephrine, role of plasma protein binding in inhibitory effect of nortriptyline on neuronal uptake of (Borgå et al.), 581
Nortriptyline on neuronal uptake of norepinephrine, role of plasma protein binding in inhibitory effect of (Borgå et al.), 581

O

Official literature on new drugs, 155, 320, 452, 617, 777, 921, 925, 927, 930
Oral contraceptive exposure, serum lipids during (Corredor et al.), 188

P

Parkinsonism, *l*-dopa in treatment of (Calne), 789
Pemoline and methylphenidate in midly depressed outpatients (Rickels et al.), 698
Penicillin allergy (Stewart), 307
  cephaloglycin and, comparison, in streptococcal pharyngitis (Stillerman), 205
Pentagastrin, unwanted effects of (Barrowman, Herxheimer, and Kits), 862
Pentamidine: clinical pharmacologic correlations in man and mice (Waalkes, Denham, and DeVita), 505
Pentazocine, effects of short- and long-term administration in man (Jasinski, Martin, and Hoeldtke), 385
Perhexiline maleate, clinical evaluation (Winsor), 85
Phagocytosis, effect of tetracycline, polymyxin B, and rifampin on (Hoeprich and Martin), 418
Pharmacist-based monitoring system: adverse drug reactions (Gardner and Watson), 802
Pharmacokinetic analysis of effect of barbiturate on anticoagulant action of warfarin in man (Levy et al.), 372
Pharmacological reactions, theory of motion sickness based on (Wood and Graybiel), 621
Pharmacology, clinical, short course in (Carr), 455
  and therapeutic applications of antiarrhythmic drugs (Mason et al.), 460
Pharyngitis, streptococcal, comparison of cephaloglycin and penicillin in (Stillerman), 205
Phenacetin, effects of particle size on absorption in man (Prescott, Steel, and Ferrier), 496
Phenobarbital and diphenylhydantoin, disappearance from serum of children (Garrettson and Dayton), 674
Phenylbutazone and cortisol metabolism in human subjects, effect of intensive occupational exposure to DDT on (Poland et al.), 724
Plasma, human, improved method of estimating digoxin in (Bertler and Redfors), 656
  rate of decline of diphenylhydantoin in (Arnold and Gerber), 121
  levels and urinary excretion of four different dosage forms of chlorpromazine: Studies of delayed-action medication (Hollister et al.), 49
  propranolol levels in adults (Shand, Nuckolls, and Oates), 112
  protein binding of diphenylhydantoin in man (Lunde et al.), 846
    role in inhibitory effect of nortriptyline on neuronal uptake of norepinephrine (Borgå et al.), 581
Platelet, human, accumulation and metabolism of dopamine by (Kuntzman et al.), 838
Pollution, air, urban, effects on health (Ayres and Buehler), 337
Polymyxin B, administration in febrile leukemic patients, serum electrolyte abnormalities associated with (Rodriguez, Green, and Bodey), 106
  rifampin, and tetracycline, effect on phagocytosis (Hoeprich and Martin), 418
Pralidoxime, modification of effects of atropine on human heart rate by (Sidell, Magness, and Bollen), 68
Prazepam metabolism by man (DiCarlo et al.), 890
Pressor response to tyramine, effect of amphetamine on: formation of p-hydroxynorephedrine from amphetamine in man, 656

Procarbazine hydrochloride capsules (Matulane) (Official lit. new drugs), 617
Propranolol, isoproterenol and, combined use in cardiogenic shock (Stubbs, Pugh, and Bell), 244
plasma levels in adults (Shand, Nuckolls, and Oates), 112
and sotalol, comparative beta-blocking activities and effects on sodium excretion of (Rice et al.), 567
Protein binding, plasma, of diphenylhydantoin in man (Lunde et al.), 846
role in inhibitory effect of nortriptyline on neuronal uptake of norepinephrine (Borgå et al.), 581
Prothrombin time tests, correlation with hemorrhage and thromboembolism in patients under long-term anticoagulant therapy (Boyles), 251
Pyrimidine mustard, elderfield, in chronic lymphocytic leukemia (Louis et al.), 513

Q

Quinestrol therapy, biochemical, endocrine, and other indices during (Danowski et al.), 260

R

Reactions, adverse drug: pharmacist-based monitoring system (Gardner and Watson), 802
Reflexes, cardiovascular, blood pressure and, effect of L-dopa alone and in combination with an extracerebral decarboxylase inhibitor on (Watanabe, Chase, and Cardon), 740
Research, clinical, architecture (Feinstein) (Clin. biostat.), 432
Rheumatoid arthritis, side effects of 6-azauridine in (Elis, Slavík, and Rašková), 404
Rifampin, tetracycline, polymyxin B and, effect on phagocytosis (Hoeprich and Martin), 418
Ro 5-3350 and diazepam for anxiety symptoms, trials of (McLeod, Mowbray, and Davies), 856

S

Schizophrenia, chronic, molindone in (Clark et al.), 680
Schizophrenic patients, chronic, effect of chlorpromazine on serum cholesterol in (Clark, Dubowski, and Colmore), 883
Scopolamine, central actions, effect of heat, cold, and work on (Safer), 60
Serum of children, disappearance of phenobarbital and diphenylhydantoin from (Garrettson and Dayton), 674
Serum—Cont'd
cholesterol, effect of chlorpromazine on in chronic schizophrenic patients (Clark, Dubowski, and Colmore), 883
electrolyte abnormalities associated with administration of polymyxin B in febrile leukemic patients (Rodriguez, Green, and Bodey), 106
lipids during oral contraceptive exposure (Corredor et al.), 188
in hyperlipoproteinemic patients, effects of SU-13437 on (Weiss et al.), 90
and urine, antibacterial activity after colistimethate injection, evaluation of methods for determining (Sande and Kaye), 873
Shock, cardiogenic, combined use of isoproterenol and propranolol in (Stubbs, Pugh, and Bell), 244
Sinequan: doxepin HCl capsules (Official lit. new drugs), 452
Smoking, cigarette, inhibition by orally administered nicotine (Jarvik, Glick, and Nakamura), 574
marihuana or placebo, comparative effects on human motor and mental performance (Manno et al.), 808
Sodium, butabarbital, and chlordiazepoxide in anxious neurotic outpatients: collaborative controlled study (Rickels et al.), 538
excretion of sotalol and propranolol, comparative beta-blocking activities and effects on (Rice et al.), 567
succinate, methylprednisolone, effects of single large intravenous dose (Novak et al.), 711
Sotalol and propranolol, comparative beta-blocking activities and effects on sodium excretion of (Rice et al.), 567
Statistical "malpractice"—and responsibility of consultant (Feinstein) (Clin. biostat.), 898
Statistics versus science in design of experiments (Feinstein) (Clin. biostat.), 282
Stimulant and diuretic actions of caffeine and theobromine in man, comparative (Dorfman and Jarvik), 869
Streptococcal pharyngitis, comparison of cephaloglycin and penicillin in (Stillerman), 205
SU-13437, effects on serum lipids in hyperlipoproteinemic patients (Weiss et al.), 90
metabolism, new hypolipidemic drug in man (Bianchine et al.), 97
Synovial fluid, penetration of clindamycin into (Plott and Roth), 577

T

Teslac: testolactone aqueous suspension (Official lit. new drugs), 302

Testolactone aqueous suspension: Teslac (Official lit. new drugs), 302

Tests, prothrombin time, correlation with hemorrhage and thromboembolism in patients under long-term anticoagulant therapy (Boyles), 251

Tetracycline, polymyxin B, and rifampin, effect on phagocytosis (Hoeprich and Martin), 418

Thalidomide in treatment of erythema nodosum leprosum (Hastings et al.), 481

Theobromine and caffeine, comparative stimulant and diuretic actions, in man (Dorfman and Jarvik), 869

Thromboembolism, hemorrhage and, in patients under long-term anticoagulant therapy, correlation of prothrombin time tests with (Boyles), 251

Toxicities, qualitative, prediction in man, evaluation of anticancer drugs in dogs and monkeys for (Schein et al.), 3

Trials of Ro 5-3350 and diazepam for anxiety symptoms (McLeod, Mowbray, and Davies), 856

sequential clinical, closed designs for (Becktel), 781

Tyramine, effect of amphetamine on pressor response to: formation of p-hydroxynorephedrine from amphetamine in man (Cavanaugh, Griffith, and Oates), 656

U

Uric acid metabolism, effects of MK-185 on some aspects (Jain et al.), 551

Urinary excretion, plasma levels and, of four different dosage forms of chlorpromazine: studies of delayed-action medication (Hollister et al.), 49

Urine and serum, antibacterial activity after colistimethate injection, evaluation of methods for determining (Sande and Kaye), 873

V

Venous reactivity in hypertensive man, effect of hydrochlorothiazide on, (Ogilvie and Schlieper), 589

Vomiting, apomorphine-induced, inhibition by benzquinamide (Klein et al.), 530

W

Warfarin, displacement from human albumin by diazoxide and ethacrynic, mefenamic, and nalidixic acids (Sellers and Koch-Weser), 524

pharmacokinetic analysis of effect of barbiturate on anticoagulant action of, in man (Levy et al.), 372

Water load, standard oral, to determine site of action of diuretics in man (Michelis et al.), 821

Work, heat, and cold, effect on central actions of scopolamine (Safer), 60
